

FISCAL YEAR 2026-2027 PERFORMANCE CONTRACT: PROPOSED MEASURES AND ACTIVITIES

Introduction

California Welfare & Institutions Code section 4629 subd. (c) requires that contracts between regional centers and the Department of Developmental Services include annual performance measures. These measures must be developed through a public process with the approval of the Board of Directors and the Department. These objectives and measures are presented to the public at San Andreas Regional Center's (SARC) public board meeting, to its service provider advisory council, and to its parent advisory council, and are made available online to the public.

Please find below the proposed performance measures' the fiscal year beginning July 1, 2026 through June 30, 2027. This document conforms to DDS Directive G-2026-Reporting Requirements-001, dated March 26, 2026. This year begins reporting on proposed Regional Center Performance Measures consistent with trailer bill language for W&IC §4620.5. As a result of this and other substantive changes, the performance measures may be changed or appear differently from previous years.

The following measures conform to the Minimum Information Requirements of the regional center's contract with the Department of Developmental Services. These performance measures have been developed over the years through collaboration with our many partners in the communities we serve. Unless otherwise stated, all measures conform to the fiscal year (July 1 through June 30) and are measured annually. Baselines for performance will note the source of the data in each measure. Measures will be categorized both by Performance Focus Area and by Type (Compliance (law or regulation), Policy (DDS priorities), or Incentive (regional center operations quality)).

This report will be published on our website and social media and will be available for distribution upon request.

Performance Measures

Baselines are determined by the data source indicated by the department, including, but not limited to, the department's Client Master File (CMF), Department of Developmental Services surveys and monitoring (DDS), Early Start Report (ESR), Employment Development Department (EDD), or National Core Indicators survey (NCI). Not all data is currently available from the department; if a baseline is reported, it is current as of May 22, 2026. Unless otherwise specified for a measure, an "adult" is any Lanterman Act Services recipient 18 years old and above and a minor is any individual under 18 years old served under an Early Start, Provisional Eligibility, or Lanterman Act Services status. Any due date, if specified, is set by the department. A measure is considered achieved when one or more of the following criteria is met:

1. The performance measure has improved over the prior year's results;
2. The performance measure exceeds the statewide average results; or
3. The performance measure equals or is better than the standard that has been defined by the department.

1. Use of accessible fonts, layouts, and typography on SARC's website and in its printed materials.

Individual/Family Experience and Satisfaction

These measures are taken from the latest-available National Core Indicators Report, the Fiscal Year 2023-2024 Child, Adult, and Family/Guardian Families Surveys. The table below presents a breakdown of total espondents by ethnicity, by amount and percentage. No respondents identified as African-American, American Indian/Alaska Native, or Native Hawaiian/Pacific Islander. Not all respondents provided a response to every performance measure.

Race/Ethnicity	CFS	AFS	F/GS
Asian	(29%)	209 (26%)	39 (9%)
Hispanic	(17%)	105 (13%)	44 (10%)
Other	(15%)	258 (32%)	293 (67%)
White	(38%)	217 (27%)	44 (10%)
Total	388 (100%)	805 (100%)	437 (100%)

Policy

1. Number¹ and percent of individuals, by race/ethnicity, who are satisfied with the services and supports received by the family and family member (NCI):

Race/Ethnicity	CFS	AFS	F/GS
Total	385	785	432
Asian	71%	74%	83%
Hispanic	58%	73%	77%
Other	58%	75%	86%
White	68%	78%	77%

2. Number and percent of individuals, by race/ethnicity, whose IPP/IFSP includes all the services and supports needed (NCI):

¹ The comprehensive data provided by the HSRI does not break down each question by number and/or percent of respondents by race/ethnicity. It is therefore impossible to provide a number of respondents by race/ethnicity at this time, or to derive the number of affirmative responses.

Race/Ethnicity	CFS	AFS	F/GS
Total	228	514	334
Asian	67%	70%	86%
Hispanic	44%	60%	86%
Other	43%	58%	77%
