

Satisfaction Survey

HCBS Office Hours – Via Zoom

Thursday, December 3 | 10am-11:30am

We begin with a 15-minute presentation followed by an open forum for discussing all things related to HCBS.

The purpose of a satisfaction survey is to determine whether the people we support feel safe, respected, valued, and supported in ways that meet their needs and expectations. Survey questions should be brief, use plain language, and focus on one idea at a time. Consider using visual supports, such as pictures, emojis, or rating scales, to increase accessibility. When an individual receives assistance completing the survey, it is essential to ensure that the responses accurately reflect the individual's own opinions and experiences.
